Michael Berggren appointed as mill manager of Vallvik Mill

Rottneros has appointed Michael Berggren as mill manager of Vallvik Mill. Michael most recently comes from Ahlstrom-Munksjö, where he has been chief of production at Aspa Bruk. He will take office no later than 21 September 2017 and will be part of Rottneros Group Management.

It is very pleasing that Michael has accepted the position as mill manager of Vallvik Mill. He is a solid leader with many years of experience from the pulp and paper industry in different positions, mainly within production. Michael is an excellent addition in the continued work of our long-term development plan, Agenda 500. Although we have achieved a great deal so far, we can develop the organization's competence and increase capacity utilization even further. As a result, we will be able to maximize the output from our investments in the future, said Lennart Eberleh, President and CEO of Rottneros.
