Rottneros' Annual Report for 2019 is now available on the company's website.

Lennart Eberleh, President and CEO, Rottneros, writes in the CEO's comment:

“In 2020, we face the significant challenges that the rapid spread of the corona virus poses to society at large. As always, the health of our employees is a top priority. In addition, our focus will be even stronger towards completing the work of recent years and further streamlining the company for increased production, efficiency, sustainability and proximity to our customers. Our focus on optimizing the factors we can influence ourselves thus continues at high pace and we are well equipped, both operationally and financially, to meet the challenges that await. Most of the applications we supply to should be relatively resilient against the economic downturn.”
